FIRE EXITS

Fire exits are located at:

- The main front door, where you entered.
- In the bedroom by pulling the curtains behind the bed back and exiting via the window well.

TEMPERATURE CONTROLS

To control the temperature, you can:

- Use the gas fire - it will heat things up quickly, but be sure to turn it off before you go out or go to bed.
- Vents along the ceiling can be opened or closed to cool down or heat up the condo.
- You can crack the windows in the bedroom and living room.
- You will find a space heater located in the coat closet.
- There is an IKEA extra warm duvet available in the master closet.
